Residuals as a function of r

Legend:
- 100 its ($\omega = 1$)
- 200 its ($\omega = 1$)
- 1000 its ($\omega = 1$)
- 100 its ($\omega = 1.5$)
- 200 its ($\omega = 1.5$)
- 1000 its ($\omega = 1.5$)

Residuals (y-axis) vs r (x-axis)
